Eye Protection - EYWV1012H

CLEAR LENS GOGGLES

SPECIFICATIONS

Physical Properties

WV1012 goggles are economy-grade, wide-vision safety goggles designed to provide reliable and practical eye protection for everyday use. Featuring a clear polycarbonate lens, they offer good visibility while protecting the eyes from dust, splashes, and light impacts. The flexible PVC frame ensures a comfortable and secure fit. The frame includes four white ventilation caps to reduce fogging while protecting against splashes and dust.

Uses

General-purpose industrial applications, laboratory work, DIY projects, woodworking, and environments requiring protection from dust, flying debris, and chemical splashes.

Sizes

One Size

STANDARDS

**ARROW SAFETY PRODUCTS
ZAMBIA LIMITED**

SAFETY NOTE

Precautions: Ensure the strap is adjusted for a snug seal against the face. Do not use for welding or laser protection. Replace immediately if the lens is scratched, pitted, or cracked, as visibility and impact resistance may be compromised.
