

ARROW SAFETY PRODUCTS

Respiratory Protection - RPN9250P2V

FFP2 DISPOSABLE DUST MASK WITH VALVE

SPECIFICATIONS

Physical Properties

A low profile mask offers a better fit with glasses and goggle. A soft inner lining offer more comfort and less irritation. Low breathing resistance increases worker's acceptance. Smooth, pre-stretched head straps offer a good fit and comfort over the head and neck. (Latex free). Contoured adjustable nosepiece offers maximum performance.

Uses

Provides protection against low to medium levels of toxic dust, fumes, and aqueous mists. The exhalation valve helps release heat and moisture, reducing fogging and improving comfort. Designed for easier breathing and extended wear in dusty or fume-prone environments.

Sizes

One Size

STANDARDS

**ARROW SAFETY PRODUCTS
ZAMBIA LIMITED**

SAFETY NOTE

Precautions: Do not use in spray-paint operations. Do not use when concentrations of contaminant are unknown or immediately dangerous to life or health. Not to be worn with facial hair, i.e. no beards or moustaches.
